Astronomical League  
Southern Herschel 400  
Observing Program

---

---

October 23, 2024

Dear Michael:

**Congratulations on completing the requirements for the Southern Herschel Observing Program.**

**On behalf of the Astronomical League, it is my pleasure to send your certificate. Display it proudly. This is a significant accomplishment. You have certificate #5. The effort you have put into this observing program should be a great help to you as you move onward to additional celestial wonders. We hope you will continue to explore the many deep sky wonders of the night sky.**

**May you have many clear nights!**

**Jack Estes  
Astronomical League, Southern Herschel Observing Program Coordinator**
